

# CABLE TRACKER

## KPS-CC640

- Formed by a sending unit and a receiving unit
- Checking the continuity of the cables and determining the interruption point
- Reception of the tones in telephone lines (100Hz ~ 300 kHz)
- Identification of the state of the telephone line (free, ringing, busy)
- Sending continuous (1500Hz) or alternate (1300Hz ~ 1500Hz) tones to cables or telephone lines.
- Acoustic and light indication

# KPS-CC640

## CABLE TRACKER

General	
Power Supply	2x9V 6F22 Batteries
Receiver Size	238mm×43mm×26mm
Emitter Size	145mm×35mm×25mm
Receiver Weight	71g
Emitter Weight	87g
Certificate	RoHS

Specs	
Top Generator Ouput	Single (1500Hz)
Square Waveform	Dual ( 1300 ~ 1500Hz)
Receive Frequency	100Hz ~ 300kHz
Intruccion	Sound and light
LED	Cont and Tone LED Light

Product Code Information	
SKU	KPSCC640CBINT
EAN code	8435394747361
UPC code	810053670385
Pcs/export carton	20
