

EX-9486C-W

WLAN, LAN to 1 · RS485/422/232 converter

Features:

- **overvoltage protection for serial port**
- support Modbus-RTU
- **Watchdog-Timer**
- easy configuration via web-interface
- **extended temperature range**
- optional ethernet isolated

Specifications

- Ethernet
 - port: 1
 - Speed: 10/100 Base T
 - Connector: RJ45
- WLAN
 - standard: IEEE 802.11 b/g
 - rate: 54 Mbps
 - antenna: Reverse SMA
- RS-232 / 422 / 485
 - Ports: 1
 - Speed: 300~115200 bps
 - Connector: DB9 female
- General specification
 - Power consumption: 1.5A@12V
 - Operating Temperature: - 10 °C to + 70 °C
 - Storage Temperature: - 20 °C to + 85 °C
 - Indicator: LED
- Regulation
 - CE: yes
 - FCC: Class A
